

## Objective

Seeking a part-time position as a teacher or teaching assistant in the field of software engineering, leveraging my expertise as a Semaphore at TDTU University. With a strong foundation in Python, C, SQL Server, Java, and C#, along with basic knowledge of HTML and CSS, I aim to contribute to the learning and development of students while further honing my teaching and mentoring skills. I am dedicated to fostering a collaborative and engaging learning environment, and I am excited to share my passion for software engineering with students, helping them excel in their academic pursuits.

## Education

TON DUC THANG UNIVERSITY

08/2021 - NOW

Software Engineering

Semaphore

## Experience

CIRCLE K

15/06/2022 - 15/08/2022

Part time sales agent

## Background

08/2021 - Now Ton Duc Thang University

GPA 8.52/10

## Certifications

2018 Certificate of basic information technology application

## Activities

GREEN SUMMER

06/2022 - 08/2022

Volunteer

- Gathering the gifts and distribute to the homeless, the needy
- Share, encourage them to overcome difficult times, and help them have optimistic thoughts

## Skill

Java

Python

C

C#

HTML/CSS

English

## Interest

- Discuss the academic topic of IT information

## Projects

---

- one project in C at semester 1 2021 at Ton Duc Thang University
- one project in Java OOP at semester 2/2021 at Ton Duc Thang University
- one project in Java about Data Structures and Algorithms at semester 1/2022 at Ton Duc Thang University
- one project in Python about image processing at semester 1/2022 at Ton Duc Thang University
- one project in Python about RSA system algorithm at semester 2/2023 at Ton Duc Thang University
- one project in C# using .Net framework (Winform and ASP.net Web Application) at semester 2/2023 at Ton Duc Thang University
- two small projects in HTML and CSS

## Additional information

---

## Skills Description

---

- Technical Skill:
  - Knowledge about OOP programming in Java, algorithms is good
  - Ability to write code Python and Java is good
  - Ability to read documents in English
  - Ability to use GitHub
  - Basic knowledge about HTML/CSS
- Soft skill:
  - Basic English communication skills
  - Ability to work in teamwork

- Reading Book
- Listening to music
- Travel
